

# Greeting Card Order Form

Our veterans use cancelled postage stamps to produce the greeting cards. These are available with or without messages inside. All cards come with an envelope. Donations of 80 cents (\$0.80) for each card is appreciated. If donations are made by check, please make the check payable to **WORK HABIT TRAINING.** These donations pay for the supplies and a bonus for the veterans who work on the cards.

The Work Habit Training Program which constructs the stamp greeting cards operates one day a week for several hours. During this time, the veterans work to construct pleasing, well-made greeting cards. **Because of the high volume of orders requested, we are now limiting orders to twenty cards per request.** This will help us to fill a greater number of orders in a more timely fashion.

**Please allow 3 months or longer for your order to arrive**

Thank you for your patience and your business.
